

## Job Opportunity

# SAS expert

We are hiring a SAS expert to collaborate on a project for firm-level data analysis led by CompNet (Filippo di Mauro) and the Tinbergen Institute (Eric Bartelsman). The expert will help the team in:

- Developing tools in SAS for economic analysis of firm-level data
- Translating tools developed by the R team into SAS

The expert will have access to:

- A Github environment with an extensive set of tools written in SAS and R specifically for economic analysis of firm-level micro data
- A competitive remuneration in accordance with skills under a consultancy contract with CompNet/Microprod

Job requirements:

- Fluency in SAS (Base, Macro)
- Good working-knowledge of R (data.table, tidyverse) and
- Interest/experience in economics or analysis of (firm-level) micro data

Kindly send you application to [secretary@comp-net.org](mailto:secretary@comp-net.org).
