- 2018 edition of the survey

“Has your enterprise sourced functions internationally in the period from the beginning of 2014 to the end of 2016?”

International sourcing \equiv The total or partial **movement** of business functions currently performed in-house or currently domestically sourced by the resident enterprise to either non-affiliated or affiliated enterprises located abroad.

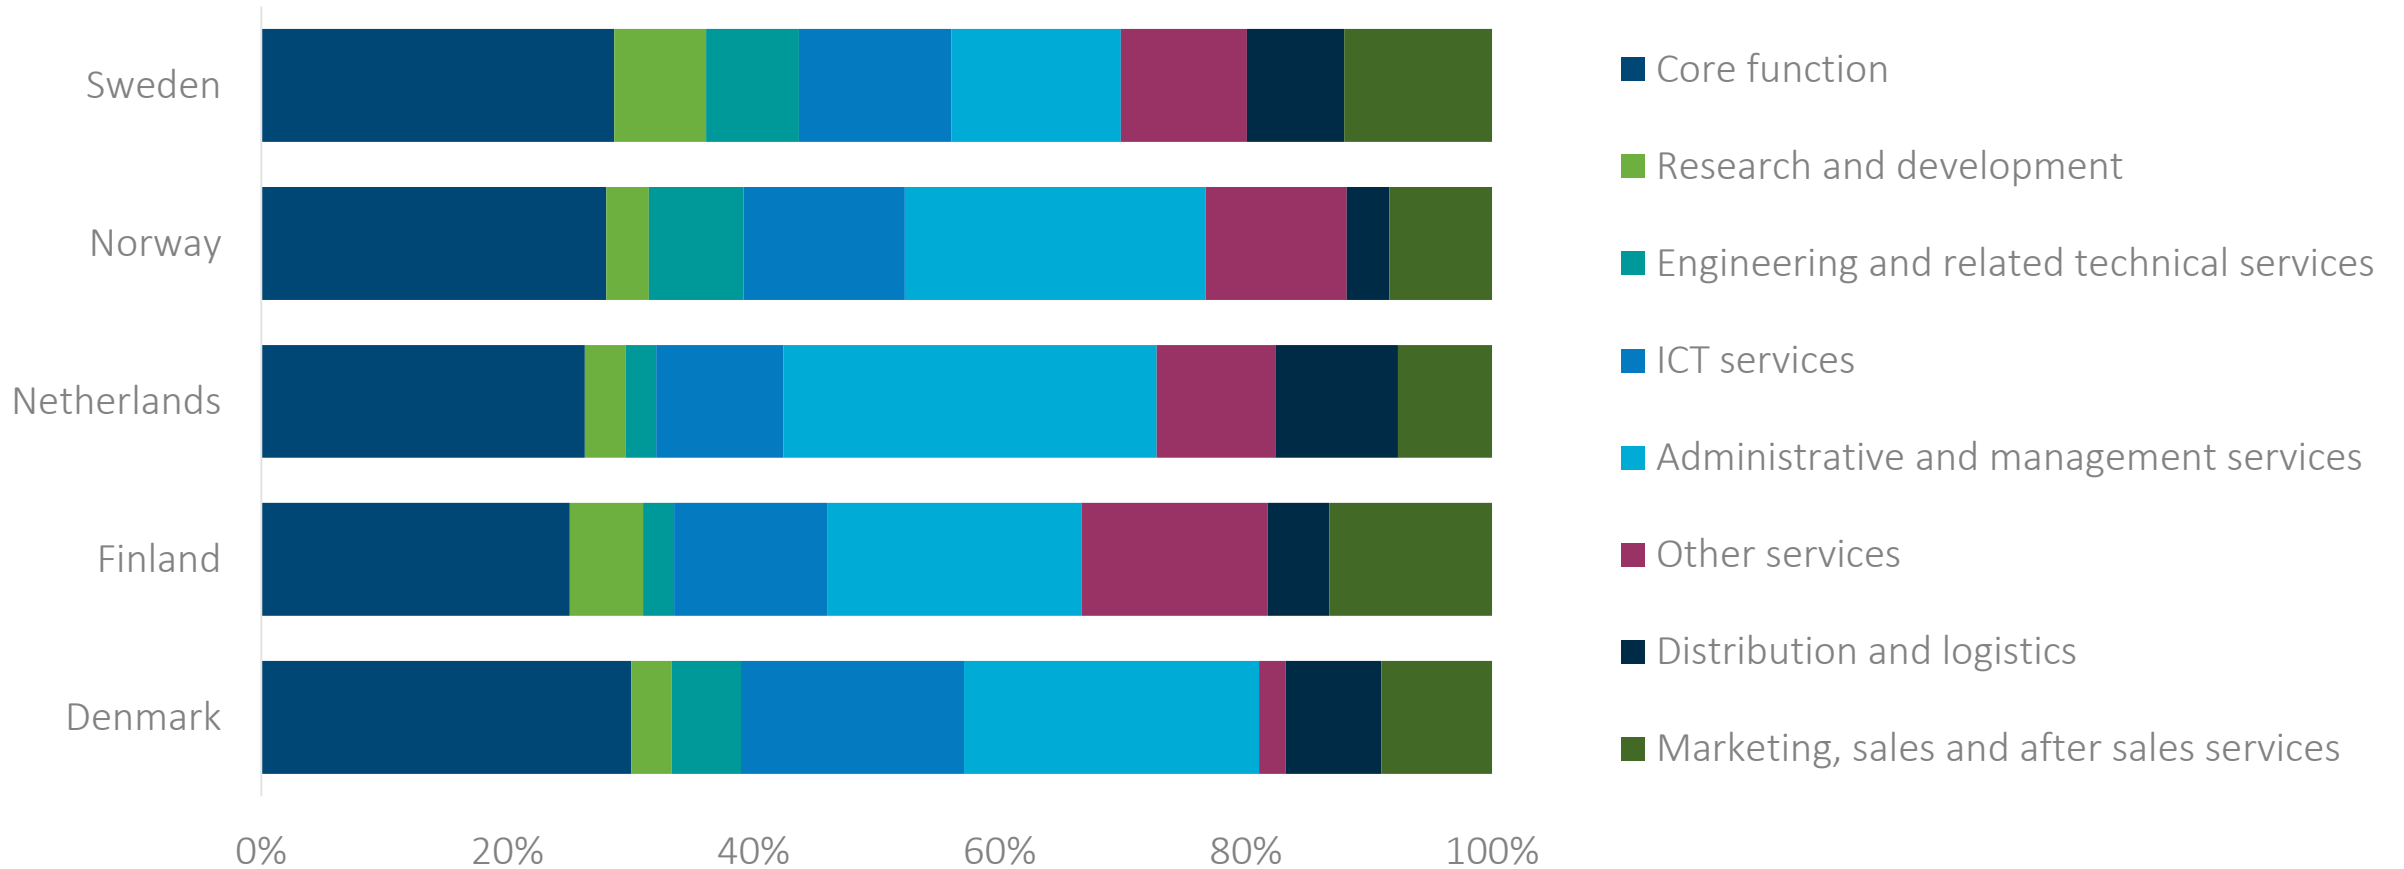

Share of enterprises that offshored a business function between 2014 and 2016

Note: Share of the total number of surveyed firms.
